

Party Time p. 2
Acts 2:42-48

*“Joy is a net of love by which you can catch souls.”
- Mother Teresa*

Read Acts 2:42-48

1. Have you ever been to a church party that made you question whether the people celebrating may have had too much to drink?
2. Reflecting on Acts 2:42-48, how does the early church's practice of fellowship, breaking bread together, and prayer demonstrate a Biblical model of celebration within a community of believers?
3. In the sermon, we discussed the idea that celebration is not just an event but a way of life. How can we apply this concept to our daily interactions with fellow believers and our approach to worship and service?
4. “We do the partying and God does the promoting!” How can we promote Jesus by celebrating? How can “parties preach?”
5. What is significant about the story of Zacchaeus as it relates to celebrations?
6. Why would Augustine say, “In the house of God there is never ending festival; the angel choir makes eternal holiday; the presence of God’s face gives joy that never fails.”? What do we know about heaven that tells us that it is celebratory in nature?
7. Will you be a party promoter for the ultimate party?
